PP BOARD

BEST ALTERNATIVE FOR PHENOLIC BOARD

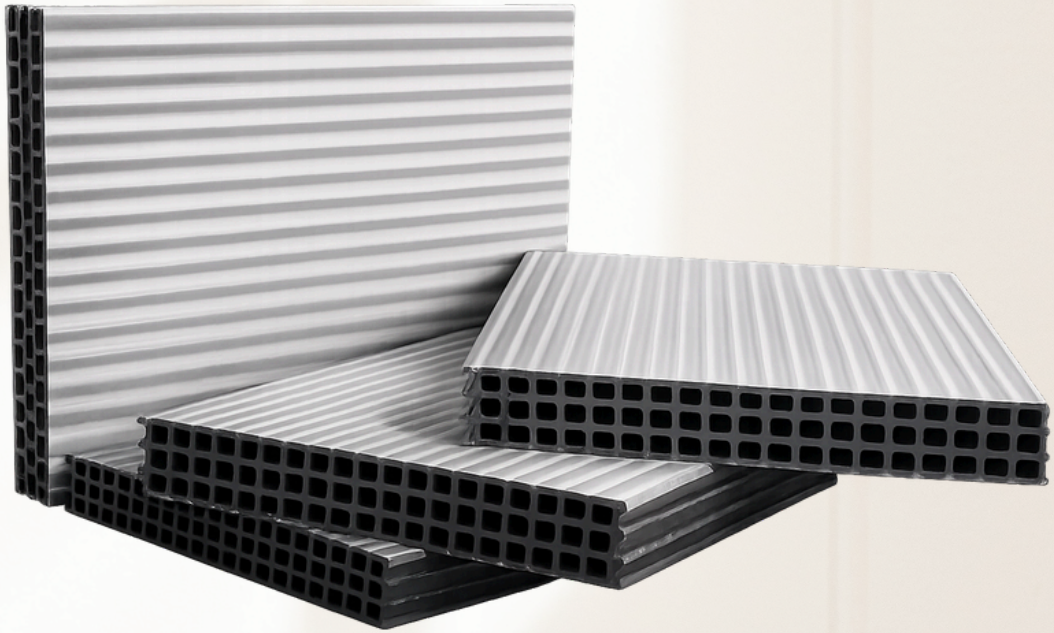

GALLERY

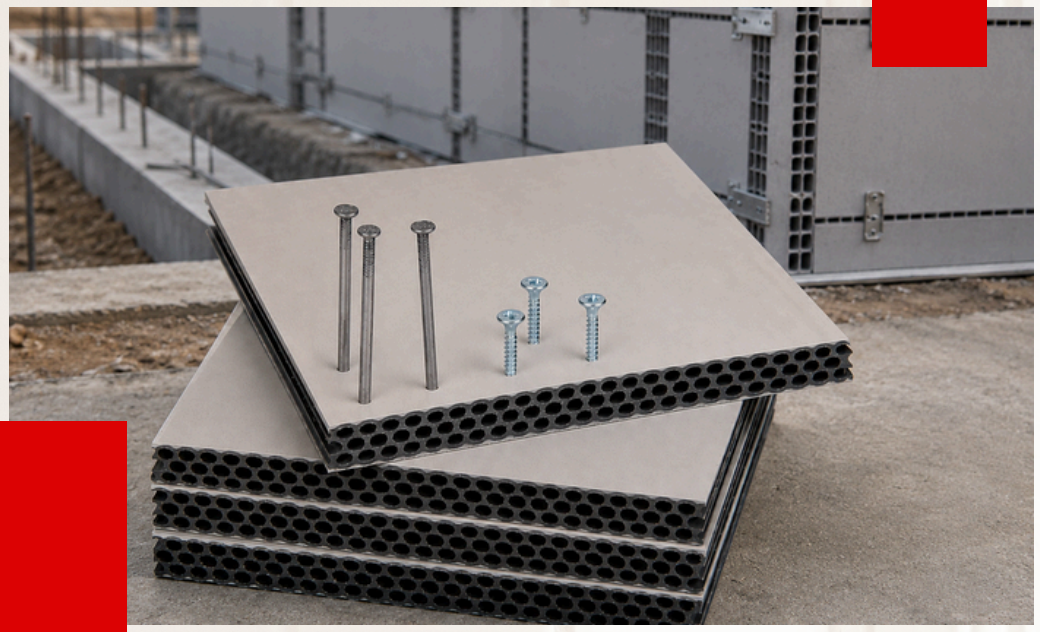

WHAT IS PP BOARD?

Hollow plastic building formwork is an eco-friendly and energy-saving solution made from PP plastic with advanced nano-technology. Designed as a modern alternative to traditional wood and steel formwork, it offers durability, reusability, low amortization cost, and reduced environmental impact.

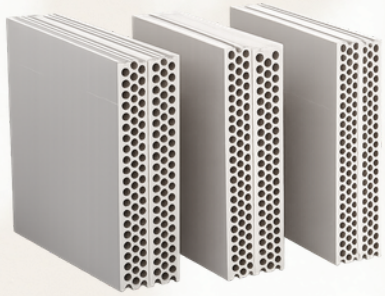

APPLICATIONS

- CONSTRUCTION REFORMS
- BRIDGE AND TUNNEL PROJECTS
- HYDRAULIC ENGINEERING
- WALL PARTITIONS

PRODUCT FEATURES

- WATERPROOF
- FLEXIBLE
- DURABLE
- TERMITE PROOF
- ECO FRIENDLY
- LOCALLY MADE
- REUSABLE
- FIRE RETARDANT
- USE UP TO 30-50 TIMES

OVER 30 USAGE
